SAFEGURDING CHILDREN AND YOUNG PEOPLE POLICY

SAY YES! TO KEEPING CHILDREN AND YOUNG PEOPLE SAFE AND PROTECTED

SAFEGUARDING CHILDREN AND YOUNG PEOPLE

SAY YES! TO KEEPING CHILDREN AND YOUNG PEOPLE SAFE AND PROTECTED

APPLICATION

Together, “Jordan Young Scientist Initiative Entities”, or may be referred to as “we” or “us” in this document).

All of the Jordan Young Scientist Initiative Entities, including PII, shall enact their own procedures which must be in line with global procedures, regulations, or other regulatory documents that enable compliance by its employees (and/or, when appropriate, contractors and other partners) with this Global Policy. Where required by law or local practices, PII offices and National Organizations may enhance the standards and requirements set out in this policy.

GIRLS

Due to our Purpose, this Global Policy, has a particular focus on girls and young women aged up to and including 24 years. Girls may be especially vulnerable and at risk from certain forms of violence, including sexual and gender-based violence¹. Violence against girls is not only against the values and principles we uphold as described in this Global Policy, but also in direct opposition to the aims of our work. As such, we are particularly concerned with ensuring that girls do not experience harm, abuse, exploitation, or any other form of violence as a result of their engagement with us or our programmes, projects, events, and processes. Furthermore, we need to ensure that our safeguarding approach and response to safeguarding concerns are gender responsive.

YOUNG PEOPLE

We work with Young People, and therefore the protective scope of this Global policy extends to young people we are supporting or are in contact with, through our youth engagement work. We recognize that young people have particular safeguarding needs requiring distinct consideration. For example, some young people engaging with and attending events supported by a Jordan Young Scientist Initiative Entity may be over the formal age of majority and so face fewer legal restrictions in what is permissible, but still require protection from violence and we retain a duty of care towards them.

SAFEGUARDING CHILDREN AND YOUNG PEOPLE

Jordan Young Scientist Initiative is fully committed to ending violence against children and acknowledge that we have a duty to promote the gender responsive safeguarding of children and young people and particularly those with whom we work or are in contact.

They are particularly applicable to organizations assessed as having contact with children and young people, working with children and young people, and/or whose projects, programmes, processes, activities, advocacy and influence work impact on children and young people. Organizations funded by a Jordan Young Scientist Initiative Entity are expected to build on these guidelines as appropriate based on the nature of their activities and risks to children and young people.
